

BUNN INFUSION COFFEE BREWER

Brewing made simple.
Intelligent kit. Quality coffee.

FEATURES + BENEFITS

- Totally flexible – brew what you need and the amount you want with three brewing profiles and two programmable batch switches (for full and half batch brewing).
- Intelligent brewing – smart tech makes delicious coffee. A simple pulse interface manages the flow of water through ground coffee to maximise flavour extraction.
- Energy-saving efficiency – the Infusion Brewer runs from a 13amp power supply, and its energy-saver mode lowers tank temperature during idle periods to cut down on energy use and keep things efficient.
- Safety guaranteed – SplashGuard funnel deflects hot liquids away from your hand, keeping things safe.
