

UCC COFFEE UK & IRELAND ANNOUNCES CAPSULE INNOVATION

New Nespresso-compatible capsule innovation launch in the market

UCC Coffee has announced the launch of a new superior performance Aluminium Nespresso¹- compatible single serve capsule.

The new capsule – developed at UCC Coffee’s Capsule Centre of Excellence in Valence, France – utilises innovation and unique coffee packing and grinding technology to provide superior performance and in-cup quality. With an on-trend, premium look, the Aluminium capsule will be available in 11 colours.

The launch is a new addition to the total coffee solution’s tiered line up of single serve capsules, which also includes Dolce Gusto-compatible and Nespresso-compatible plastic products. The capsule will be available as private label from Autumn 2019 before becoming a line extension of its Orang Utan Coffee and Lyons brands later in the year.

Marcus Swift, Commercial Director, UCC Coffee UK & Ireland comments: “Convenience, quality and consistency are behind the growth of the capsule market at home, and it’s the same benefit for out of home operators who use single serve capsules within their coffee offer. Single serve capsules are used in many out of home offers including workplace settings, hotel rooms and many small retail businesses who have a hospitality element to their offer. This new product looks great and meets consumer demands for a premium looking capsule that also delivers a great cup of coffee.”

Both capsules are compatible with all generation Nespresso home machines and available in a range of colours and blends.

Both products are available for retail, foodservice and hospitality operators.

About UCC Coffee UK & Ireland

UCC Coffee UK & Ireland creates and manages coffee experiences for the most dynamic businesses in foodservice, hospitality and retail – making every cup of coffee count.

It works in partnership with its customers to implement the right Total Coffee Solution. With a unique seed to sip model, market-leading insight and global network its total coffee solution is tailored around the customers' needs and goals, ensuring their coffee offer outperforms the market.

Its Total Coffee Solution includes leading coffee brands, private label roasting, equipment, COFFEEWORKS training, and the UK's largest service and maintenance support structure. Its range includes coffee brands Lyons, Three Sixty°, Grand Crü, Grand Café and Orang Utan Coffee, and exclusive partnerships with the world's most innovative equipment brands including Nuova Simonelli, Thermoplan, and BUNN.

UCC Coffee UK & Ireland is part of a global family. UCC Holdings, based in Kobe Japan, is one of the top five largest independent coffee companies and the seventh largest coffee roaster in the world, and is responsible for £2bn annual sales. It operates across Europe, with UK and Ireland sites including its state of the art roastery in Kent. This gives UCC Coffee UK & Ireland the ability to provide its Total Coffee Solution at scale and benefit from worldwide market expertise.

UCC Coffee UK & Ireland combines exceptional coffee, world-class equipment, actionable insight, data-driven training and market-leading service.
